[Redacted]

Representative John E. Fogarty has written to us concerning your interest in employment with this Agency.

We are pleased to know of your interest and shall be glad to consider your application when you near graduation. In answer to your inquiry regarding summer employment, our requirements for personnel during the summer months are quite limited in number and are filled by the recruitment of young people who are already associated with the Agency through the employment of their parents. This Agency does not sponsor any grant or scholarship programs.

We are enclosing a set of application forms and a brochure which describes our general requirements and opportunities. May we suggest that you complete and return these forms to us about 3 months prior to your graduation from Boston College.

We appreciate your interest in our organization and look forward to hearing from you at a later date.

Sincerely,

[Redacted]

E. D. Echoles

STAT

We appreciate [redacted] interest in working with us during the summer months. Our needs for temporary employees are quite limited in number, however, and it is not economically practical to investigate and clear young people for such short periods of service. Thus far, we have been able to fill our requirements by recruiting young people who are already associated with the Agency through the employment of their parents and on whom most of the required background information is already available. Consequently, we have followed the practice of limiting our summer-only employment to this group.

We are glad to know of [redacted] interest in our Agency, and are enclosing a set of our application forms and a brochure describing our general employment requirements in the event he may be interested in regular employment at a later date.
